

# THE ERGONOMIC Series

The Collar slides effortlessly in and out of your existing console.

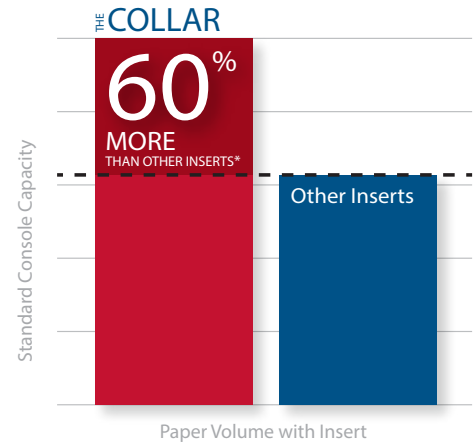

# THE COLLAR

The "Collar", our exclusive console insert, is a patented free-standing frame that increases your driver's profitability while providing ergonomic benefit by eliminating the need for bending down to remove and replace bags during the collection process.

**UNIQUE FEATURE:**  
When using the Collar with the Retriever it can rest on its side to help distribute the weight and makes emptying easier for your driver.

**INCREASES** *collection efficiency*

*Maintains consistent paper volume*

\*Based on a 35" console

**EXCLUSIVE**  
**ergonomic design**

- Zinc plated steel for ultimate durability
- No need for bag removal – maximizing efficiency
- Eliminates hooks
- Fits all standard bags
- Custom sizes available  
*(minimum quantity applies)*
